Case Studies In Comparative Politics

Synopsis

Debuting in its first edition and written by a new generation of area studies experts, *Case Studies in Comparative Politics* follows a questions-based approach that helps readers understand different countries' political histories, institutions, identities, and interests and why each country is politically interesting and relevant. When used on its own or with the accompanying thematic survey, *Case Studies in Comparative Politics* asks "and answers" the same important questions that political scientists research and that are relevant to anyone interested in politics.

Customer Reviews

Helpful, had to buy it for class - Kindle version is, as stated in title, very good as it retains the formatting of a real, in-hand textbook. Preserves page numbers and allows for highlighting and note taking.

For school.

great!
