Innocence Lost: Escaping From Hell

Synopsis

Death, Abortion, Drug Abuse and Horrific Violence, this story will have you on the edge of your seat from start to finish."I am hungry." I widened my eyes and giggled...Tanner took the blade and looked back at me. He moved the blade toward the underbelly of his arm. I watched patiently. Then in one quick motion Tanner slashed at his forearm, opening a small gash. The girls gasped and Carla fell backward crawling away. I rocked back and forth on my ass, laughing hard. I found the scene hilarious and fulfilling. Tanner looked back up at me and smiled. He took a small wine glass and filled it with his own blood. After he drained his wound, he handed me the glass and spoke."There you are, drink up." I paused and glanced quickly at the girls then I drank Tanner's blood. It was thick and coppery with a hint of sweetness...â œDelicious, my dear. Now which one of these beautiful women shall we devour next?â • Escaping from Hell, and coming out a stronger woman because of it This is the second part of the series, chronicling Juliana's adult life and how the child abuse changed her life forever. Customer Reviews

The first book caught and held your attention and you felt what this poor girl was going through. However this second book was to be an update on how her life was after leaving home being on her own. I don't feel it did that I understand she had gone through more abuse than anyone should have but she didn't seem to want to try and get help or accept the help her friends tried to give her. She had lived in her imagination with these evil fairies and dark clouds that she gave them names for so long she would turn her on the help. She did get married and yes it followed with her beginning her husband cheated on her. She has two kids and the book makes it out that she leaves them at times for these imaginary friends. All in all it does not let you know if she survived as well as her children. Spelling and grammar doesn't mean that much as there were problems if the story draws you in. The first book I couldn't put it down this took forever to read.

Part 2 of this amazing series, we see more of the struggles within and it is truly an enthralling read! Very insightful into life's demons, Juliana tells her life story in a fascinating way! Very well written, this is a page turner, you will be unable to put this down!! Highly recommended book, definitely a must read.

Mrs. Juliana your story was amazing and beyond outstanding. I am amazed by your outcome of all this. And I would love to know how you are doing now. But in both of your stories there were issues with the writing, all that should have been corrected by your publishing company. If I was in your shoes, I would demand something to fix their error. Such a powerful story, but ruined by misspelled words, bad punctuation, and grammar. God bless.

I'm confused on what was happening, was she possessed or split personality? and did she suffer abuse as a child cause it wasn't clear. It sounds scary to go thru, and should've prayed to make them leave you when you found Jesus the first time. Will there be a continuing book? I would definitely read it.

Follow up, or more precisely the second part of the story started in her first book. I true story of

internal and external torture as a young girl struggles to overcome her abuse. Not an easy read, but a must read.

I've been molested too. Her dark side and light side made me crazy! Schizophrenia maybe, I could not stand the thought of rattle snakes and babies! Get away from this crazy man who could find anyone in an instant. You and your children deserve so much more! You are beautiful artistic and such a giving human being! I'm completely frustrated! There is so much more to this life. I want to contact you. I hope you found found what you need!,

You want to read this book. It is part 2 of her first book Innocence lost. There is nothing like it. Her journey through life has been amazing to say the least. She has over come so many obstacles and still manages to thrive on life. Reading this can educate you in the psychological outcome one endures in such circumstances. The effect it has on her humanity as a whole is extraordinary.
