# Nursing Theories: A Framework For Professional Practice

Synopsis

Nursing Theories: A Framework for Professional Practice, Second Edition covers the work of those who have been central to nursing theory for decades as well as many newer theorists. The text draws content from topics such as philosophy, conceptual models and the middle range theories of nursing. The Second Edition features additional practice level or middle range theories with supporting diagrams that illustrate the use the nursing process in the context of the specific theory. Each chapter will also feature call out boxes describing the literature of the theoryâ ™s use in nursing practice. Updates to the Second Edition: New chapter on Transitions Theory New coverage on Postpartum Depression New information on Uncertainty in Illness Theory Illustrations in each theory chapter demonstrate how theory relates to the nursing process Current examples found in each chapter tied to updated research

Customer Reviews

This worked great for my nursing EBP class. Definitely love how you can highlight and make notes within the kindle text.

Great service; book a great resource for writing papers

Needed for class. Not reader friendly though.
