# English Grammar For Students Of German: The Study Guide For Those Learning German (O&H Study Guides)

## Synopsis

Sixth edition of this popular self-study guide for students of German. Each chapter covers a grammar point: i.e., a part of speech (noun, verb, pronoun), a word's function in a sentence (subject, direct object, indirect object), or a grammatical term (tense, conjugation, declension, gender). Each chapter is divided into two sections. 1. In English: grammar is explained as it relates to English, anticipating concepts necessary for German. 2. In German: grammar is explained as it relates to German, with examples and explanations of the rules applied. Points out similarities, differences, and alerts students to pitfalls. Study Tips: how to learn vocabulary, memorize verb conjugations.... Available online: 1. Review booklet with Answer key 2. Correlations to popular 1st-year college German textbooks indicating the pages in the O&H Study Guide to be read in preparation for each lesson. Part of the O&H Study Guide series for students of foreign languages. Experience has shown that students using the O&H German Study Guide improve their performance in German grammar thanks to a better understanding of English grammar. Teachers can devote more class time to developing communicative skills.

## Customer Reviews

As you learn German you find more information about the mysteries of English. When I went to collage they said I had a pretty good grasp of English and would be wasting my time English 101 and dangling participles. Then it came time to acquire German. This Book opened up a whole new

world as I learned the fundamentals of German I also found the parallel principles of English. This book by placing the differences and similarities side by side helped me to better understand both languages. I am not sure I will get it down pat, but without this book, I would be dead in the water. Some sample contents: What is a Noun? What are Indefinite and Definite Articles? What is meant by gender? What is a Participle? Appendix A - Noun Gender Reference List This is indispensable knowledge of "English Grammar for Students of German" The Oxford-Duden Pictorial German-English Dictionary

This is an excellent primer for an English-speaking, first-time language student hoping to start learning German. This book is a good refresher of grammar rules in preparation for deeper study. As such, it is particularly helpful for adult learners whose grammar skills are a bit rusty.

Great resource for those of us who could have used a better English class along the way! It's wonderful to learn a new language. It gets difficult when you have trouble identifying the cases of your native language! This book helps solve all of that.

This book is a must for anyone learning German if you were not an English major in College! It clearly and concisely explains the main points of English grammar that are not taught in our schools anymore.
