I feel misled. The cover clearly states this book provides a "record/playback" feature. I assumed that would be located on their internet site and available as an app. I have not been able to find this anywhere. What is available are flashcards (always helpful) and you can listen to audio answers to the exercises you complete in the book, but it is difficult to follow along. UPDATE 07/13/2015: AFTER numerous emails/phone calls to McGraw Hill tech support, I received this email today: Hello Mike, I just received this information from our Editorial Office "McGraw-Hill Education Language Lab App

consists of periodic releases of Updates that incorporate content for additional titles and new functionality. Unfortunately, the latest version has experienced some delays, so is running behind the release of the new edition of the "Practice Makes Perfect Spanish Verb Tenses" book. We anticipate the new release, containing the app features mentioned in the book, within the next two to three weeks. We apologize for this delay, "In the meantime, he may find it helpful to access the audio recordings of the answer key for the previous edition of the book (very closely matching the third edition), which can be located at www.audiostudyplayer.com (using a Chrome or Safari browser): select the "Practice Makes Perfect" icon, then locate "Spanish Verb Tenses" as the final title on the top drop-down menu. Thank you for your patience. Best Regards, Dorise RMcGraw-Hill Education Subscription Management Phone: 888-307-5984 | Fax: 614-759-3823

Also misled. Not only is that record/playback feature missing (as stated on the cover), the entire volume appears exactly the same as the 2nd edition and seems to be merely be a reprint of the second edition. The one saving grace is that is a bit cheaper than the second edition.

I'm taking Spanish for beginners and this is the text we use in class. I find this book to be easy and informative. It really smooth out the basics for me. Now I'm continuing with rosetta stone and I have a better understanding. Plus the app make it easy to learn even if you don't have the book; and it's free.

An excellent resource. Extremely helpful in teaching Spanish to multiple levels.

This book is an excellent source for review for intermediate to advanced Spanish speakers. I highly recommend this book.

Good for beginning intermediate learners. Begins with present tense and moves up. Good practice workbook.

Very helpful! The practice has helped me tremendously.

I bought this book when I first began studying Spanish. Years later I am still referring to it. It's a great book for beginners to advanced learners. Very well put together.
