Title: Girl Jacked
Author: Christopher Greyson
Genre: mystery
Review: Girl Jacked, written by, revolved around a policeman named Jack. After discovering that the sister of his best friend from high school had gone missing, he is determined to take this case into his own hands. However, before he knows it, the mystery of the death of the missing girl has gotten him into a web of entangled lies and malice. I liked the main character, Jack, a lot. Thereâ™s really no reason not to like him. Heâ™s tough, heâ™s smart, determined and has a strong sense of ethics. However, he also experienced flashbacks of his time serving in the military. I found them to be insightful and help paint a better picture of his character. Also, I think the author did an excellent job of summing up Jack's early years as a child in the scene in which Jack explains why he named himself Jack. Overall, Jack was a solidly built character. Replacement (the name of the missing girlâ™s sister), on the other hand, was more of a wild card. Replacementâ™s real name is Alice, but everyone calls her Replacement, so that is the name I will use. She approaches Jack, seeking help to solve her missing sisterâ™s case. Even though sheâ™s supposed to be a young adult (early twenties?), she often acts like a twelve-year old. I got frustrated with her when she purposely disobeys Jack and ends up getting in trouble. I mean, I wouldâ™ve understood it if she ignored his orders once or

twice, but the fact that she repeatedly took the opposite course of action of what Jack advised kind of annoyed me. Why should she seek help from Jack if she wasn't going to listen to him? At the beginning, the plot seemed like a simple missing-person mystery.
