What a great book! It's well organized, it's easy to find your way around in it. Gave it to my grandson who's a senior in highschool and he dropped everything in order to immerse himself in the book. What a treasure for a student and, indeed, for anyone else. I really recommend it.

Great fun to read.

This book is well organized and has unique as well as those phrases you have always wanted to

use but have forgotten.

Fun as well as informational.

Very handy guide, found most of the words I was looking for.

I purchased for my grandson who was traveling through Europe. Was very helpful to him.

Pretty good reference for those non-English phrases that have become integrated into English.

Too much of the authors opinions about things are written between the lines. Would Webster have done that?
